

FUTURE-ORIENTED PACKAGING PALLET COVER WITH LASHING

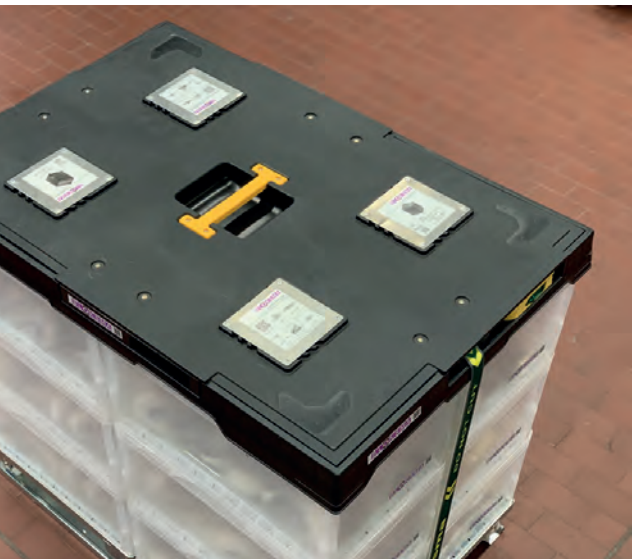

ARE YOU WILLING TO MAKE A DIFFERENCE?

The amount of plastic waste that accumulates every day in logistics is enormous. To counteract this, we offer you some products for a resource-saving, time-saving and ergonomic packaging process. The BLOKSMA pallet cover with integrated lashing strap acts along the entire value chain, eliminating the need for time-consuming stretching and taping, reducing running costs and also reducing the risk of injury. See for yourself!

THE SOLUTION: REUSABLE TRANSPORT PALLET COVER

Available for pallet and trolley sizes:

- 1200*1000mm (weighs 11 kg)
